WORKED CONTINUATION - COVER THIS SECTION FIRST

16. Bf7#

16.Bf7# Mate: bishop on f7 gives check; Black has no legal reply.

The line ends in checkmate against the king on g8. Material gain is unnecessary once no legal defense exists.

CHECKPOINT

Which piece delivers the final check, and why can the defender not continue? **Answer:** Bishop on f7. The king is in check and the position has zero legal replies.

CARRY THE IDEA INTO YOUR GAMES

A checking piece next to the king must be protected unless the king cannot capture it for another legal reason.

WHAT THIS POSITION TEACHES

Checkmate is a complete restriction of the enemy king. Find a legal check, then prove there is no king escape, capture of the checker, or interposition.

HOW TO LOOK

Inspect the king's flight squares before choosing a check. A protected queen or a distant rook may cover the last escape in different ways.

The defending king is on g8. Geometrically undefended: rook on a8 and queen on d7. Check for tactical protection.
