

# Mate in one: Black, move 27

Mate in one

## Black to move

Previous move: 27.Rxh6. Gold borders mark its start and finish.

## WORKED CONTINUATION - COVER THIS SECTION FIRST

### 27...Qg2#

**27...Qg2#** Mate: queen on g2 gives check; White has no legal reply.

The line ends in checkmate against the king on g1. Material gain is unnecessary once no legal defense exists.

## CHECKPOINT

Which piece delivers the final check, and why can the defender not continue? **Answer:** Queen on g2. The king is in check and the position has zero legal replies.

## CARRY THE IDEA INTO YOUR GAMES

A checking piece next to the king must be protected unless the king cannot capture it for another legal reason.

## WHAT THIS POSITION TEACHES

Checkmate is a complete restriction of the enemy king. Find a legal check, then prove there is no king escape, capture of the checker, or interposition.

## HOW TO LOOK

Inspect the king's flight squares before choosing a check. A protected queen or a distant rook may cover the last escape in different ways.

The defending king is on g1. Look for a defender that can be displaced or overloaded.
