

Anastasia mating nets: Black, move 13

Anastasia mating nets

Black to move

Previous move: 13.Qxg7. Gold borders mark its start and finish.

WORKED CONTINUATION - COVER THIS SECTION FIRST

13...Ne2+ 14. Kh1 Rxh2+ 15. Kxh2 Qh4#

13...Ne2+ Check restricts White to 1 legal reply here. From e2 it attacks king on g1 and bishop on c1. Recorded reply: **14.Kh1**.

14...Rxh2+ Check restricts White to 1 legal reply here. The move also takes the knight on h2. Recorded reply: **15.Kxh2**.

15...Qh4# Mate: queen on h4 gives check; White has no legal reply.

The line ends in checkmate against the king on h2. Material gain is unnecessary once no legal defense exists.

CHECKPOINT

Which piece delivers the final check, and why can the defender not continue? **Answer:** Queen on h4. The king is in check and the position has zero legal replies.

CARRY THE IDEA INTO YOUR GAMES

The knight is often a supporting piece rather than the final checker. Do not overlook its quiet control of escape squares.

WHAT THIS POSITION TEACHES

An Anastasia-type net uses a knight to restrict king escapes while a rook or queen checks along an edge file. Removing a pawn shield can be the crucial preparation.

HOW TO LOOK

Locate the knight's controlled flight squares and the heavy piece's checking line. Follow how the combination opens that line.

The defending king is on g1. Geometrically undefended: queen on g7 and rook on a1. Check for tactical protection.
