

Arabian mating nets: Black, move 28

Arabian mating nets

Black to move

Previous move: 28.h3. Gold borders mark its start and finish.

WORKED CONTINUATION - COVER THIS SECTION FIRST

28...Nxg3+ 29. fxg3 Qxh3+ 30. Bxh3 Rh2#

28...Nxg3+ Check restricts White to 1 legal reply here. From g3 it attacks king on h1 and queen on f1. Recorded reply: **29.fxg3**.

29...Qxh3+ Check restricts White to 1 legal reply here. From h3 it attacks king on h1 and bishop on g2. Recorded reply: **30.Bxh3**.

30...Rh2# Mate: rook on h2 gives check; White has no legal reply.

The line ends in checkmate against the king on h1. Material gain is unnecessary once no legal defense exists.

CHECKPOINT

Which piece delivers the final check, and why can the defender not continue? **Answer:** Rook on h2. The king is in check and the position has zero legal replies.

CARRY THE IDEA INTO YOUR GAMES

A mating label describes a recurring arrangement, not a substitute for checking the exact legal defenses on this board.

WHAT THIS POSITION TEACHES

In an Arabian-type net a rook and knight cooperate near a corner. One piece gives check while the other protects the rook or controls escape squares.

HOW TO LOOK

Look for a cornered king, a rook entry, and a knight square that links protection with restriction.

The defending king is on h1. Absolute pin: pawn on h3.
