

# Forks and double attacks: White, move 41

Forks and double attacks

White to move

Previous move: 40...Re5. Gold borders mark its start and finish.

**WORKED CONTINUATION - COVER THIS SECTION FIRST**

## 41. Nd7+ Kc7 42. Nxe5

**41.Nd7+** Check restricts Black to 3 legal replies here. From d7 it attacks king on b8 and rook on e5. Recorded reply: **41...Kc7**.

**42.Nxe5** The knight captures the rook on e5.

At the end, nominal material is White 12 / Black 8 (P=1, N/B=3, R=5, Q=9). Over this line, White's balance changes by +5. Activity and king safety still affect the evaluation.

### CHECKPOINT

Using P=1, N/B=3, R=5, Q=9, how much does White's material balance change over the complete line? **Answer:** +5: the balance goes from -1 to +4. Count promotions and every recapture, not just the first gain.

### CARRY THE IDEA INTO YOUR GAMES

Two attacked pieces do not guarantee a gain if the forking piece can be captured or one target moves with check.

### WHAT THIS POSITION TEACHES

A fork attacks multiple targets at once. The combination works when the defender cannot save everything or generate a stronger forcing reply.

### HOW TO LOOK

Look for checking forks first, then double attacks on queens, rooks, and undefended pieces. Follow the line until the material is actually collected.

The defending king is on b8. Geometrically undefended: rook on e5. Check for tactical protection.
