

Forks and double attacks: Black, move 25

Forks and double attacks

Black to move

Previous move: 25.Kf2. Gold borders mark its start and finish.

WORKED CONTINUATION - COVER THIS SECTION FIRST

25...Nd3+ 26. Ke3 Nxf4 27. Rxh5 Nxh5

25...Nd3+ Check restricts White to 4 legal replies here. From d3 it attacks king on f2, queen on f4 and rook on c1. Recorded reply: **26.Ke3**.

26...Nxf4 The knight captures the queen on f4. Recorded reply: **27.Rxh5**.

27...Nxh5 The knight captures the rook on h5.

At the end, nominal material is White 15 / Black 20 (P=1, N/B=3, R=5, Q=9). Over this line, Black's balance changes by +5. Activity and king safety still affect the evaluation.

CHECKPOINT

Using P=1, N/B=3, R=5, Q=9, how much does Black's material balance change over the complete line? **Answer:** +5: the balance goes from +0 to +5. Count promotions and every recapture, not just the first gain.

CARRY THE IDEA INTO YOUR GAMES

Two attacked pieces do not guarantee a gain if the forking piece can be captured or one target moves with check.

WHAT THIS POSITION TEACHES

A fork attacks multiple targets at once. The combination works when the defender cannot save everything or generate a stronger forcing reply.

HOW TO LOOK

Look for checking forks first, then double attacks on queens, rooks, and undefended pieces. Follow the line until the material is actually collected.

The defending king is on f2. Geometrically undefended: knight on d6 and queen on f4. Check for tactical protection.
