

Forks and double attacks: White, move 29

Forks and double attacks

White to move

Previous move: 28...fxg6. Gold borders mark its start and finish.

WORKED CONTINUATION - COVER THIS SECTION FIRST

29. Rxg7+ Kxg7 30. Ne6+ Kg8 31. Nxd8

29.Rxg7+ Check restricts Black to 3 legal replies here. From g7 it attacks king on g8 and bishop on b7. Recorded reply: **29...Kxg7**.

30.Ne6+ Check restricts Black to 6 legal replies here. From e6 it attacks king on g7 and rook on d8. Recorded reply: **30...Kg8**.

31.Nxd8 The knight captures the rook on d8.

At the end, nominal material is White 10 / Black 7 (P=1, N/B=3, R=5, Q=9). Over this line, White's balance changes by +3. Activity and king safety still affect the evaluation.

CHECKPOINT

Using P=1, N/B=3, R=5, Q=9, how much does White's material balance change over the complete line? **Answer:** +3: the balance goes from +0 to +3. Count promotions and every recapture, not just the first gain.

CARRY THE IDEA INTO YOUR GAMES

Two attacked pieces do not guarantee a gain if the forking piece can be captured or one target moves with check.

WHAT THIS POSITION TEACHES

A fork attacks multiple targets at once. The combination works when the defender cannot save everything or generate a stronger forcing reply.

HOW TO LOOK

Look for checking forks first, then double attacks on queens, rooks, and undefended pieces. Follow the line until the material is actually collected.

The defending king is on g8. Geometrically undefended: rook on d8 and bishop on b7. Check for tactical protection.
