

Forks and double attacks: Black, move 27

Forks and double attacks

Black to move

Previous move: 27.Rad1. Gold borders mark its start and finish.

WORKED CONTINUATION - COVER THIS SECTION FIRST

27...Rxd6 28. Rxd6 Be5+ 29. Kh1 Bxd6

27...Rxd6 The rook captures the bishop on d6. Recorded reply: **28.Rxd6**.

28...Be5+ Check restricts White to 4 legal replies here. From e5 it attacks king on h2 and rook on d6. Recorded reply: **29.Kh1**.

29...Bxd6 The bishop captures the rook on d6.

At the end, nominal material is White 11 / Black 13 (P=1, N/B=3, R=5, Q=9). Over this line, Black's balance changes by +3. Activity and king safety still affect the evaluation.

CHECKPOINT

Using P=1, N/B=3, R=5, Q=9, how much does Black's material balance change over the complete line? **Answer:** +3: the balance goes from -1 to +2. Count promotions and every recapture, not just the first gain.

CARRY THE IDEA INTO YOUR GAMES

Two attacked pieces do not guarantee a gain if the forking piece can be captured or one target moves with check.

WHAT THIS POSITION TEACHES

A fork attacks multiple targets at once. The combination works when the defender cannot save everything or generate a stronger forcing reply.

HOW TO LOOK

Look for checking forks first, then double attacks on queens, rooks, and undefended pieces. Follow the line until the material is actually collected.

The defending king is on h2. Look for a defender that can be displaced or overloaded.
