

Forks and double attacks: Black, move 7

Forks and double attacks

Black to move

Previous move: 7.Bb5. Gold borders mark its start and finish.

WORKED CONTINUATION - COVER THIS SECTION FIRST

7...Qb4+ 8. Nc3 Qxb2

7...Qb4+ Check restricts White to 6 legal replies here. From b4 it attacks king on e1, bishop on f4 and bishop on b5. Recorded reply: **8.Nc3**.

8...Qxb2 The queen captures the pawn on b2. From b2 it attacks rook on a1, knight on c3 and bishop on b5.

At the end, nominal material is White 35 / Black 35 (P=1, N/B=3, R=5, Q=9). Over this line, Black's balance changes by +1. Activity and king safety still affect the evaluation.

CHECKPOINT

Using P=1, N/B=3, R=5, Q=9, how much does Black's material balance change over the complete line? **Answer: +1:** the balance goes from -1 to +0. Count promotions and every recapture, not just the first gain.

CARRY THE IDEA INTO YOUR GAMES

Two attacked pieces do not guarantee a gain if the forking piece can be captured or one target moves with check.

WHAT THIS POSITION TEACHES

A fork attacks multiple targets at once. The combination works when the defender cannot save everything or generate a stronger forcing reply.

HOW TO LOOK

Look for checking forks first, then double attacks on queens, rooks, and undefended pieces. Follow the line until the material is actually collected.

The defending king is on e1. Geometrically undefended: bishop on b5 and rook on h1. Check for tactical protection.
