

Discovered attacks: Black, move 20

Discovered attacks

Black to move

Previous move: 20.Qxb7. Gold borders mark its start and finish.

WORKED CONTINUATION - COVER THIS SECTION FIRST

20...Ne2+ 21. Kh1 Qxh4#

20...Ne2+ Check restricts White to 2 legal replies here. Recorded reply: **21.Kh1**.

21...Qxh4# Mate: queen on h4 gives check; White has no legal reply.

The line ends in checkmate against the king on h1. Material gain is unnecessary once no legal defense exists.

CHECKPOINT

Which piece delivers the final check, and why can the defender not continue? **Answer:** Queen on h4. The king is in check and the position has zero legal replies.

CARRY THE IDEA INTO YOUR GAMES

Choose the blocker's destination carefully. An uncovered attack may fail if the opponent has a stronger check or can capture the slider.

WHAT THIS POSITION TEACHES

Moving a blocker can uncover a rook, bishop, or queen attack. The moving piece may create a second threat, giving the defender too many problems at once.

HOW TO LOOK

Find a friendly piece between a slider and an enemy target, then inspect its forcing moves and captures.

The defending king is on g1. Geometrically undefended: queen on b7. Check for tactical protection.
