Discovered attacks

Black to move

Previous move: 24.Kh2. Gold borders mark its start and finish.

WORKED CONTINUATION - COVER THIS SECTION FIRST

24...Ng4+ 25. Kg2 Rxf3

24...Ng4+ Check restricts White to 5 legal replies here. The changed line means the rook on f8 attacks the queen on f3. Recorded reply: **25.Kg2**.

25...Rxf3 The rook captures the queen on f3. From f3 it attacks knight on h3 and knight on c3.

At the end, nominal material is White 23 / Black 29 (P=1, N/B=3, R=5, Q=9). Over this line, Black's balance changes by +9. Activity and king safety still affect the evaluation.

CHECKPOINT

Using P=1, N/B=3, R=5, Q=9, how much does Black's material balance change over the complete line? **Answer: +9:** the balance goes from -3 to +6. Count promotions and every recapture, not just the first gain.

CARRY THE IDEA INTO YOUR GAMES

Choose the blocker's destination carefully. An uncovered attack may fail if the opponent has a stronger check or can capture the slider.

WHAT THIS POSITION TEACHES

Moving a blocker can uncover a rook, bishop, or queen attack. The moving piece may create a second threat, giving the defender too many problems at once.

HOW TO LOOK

Find a friendly piece between a slider and an enemy target, then inspect its forcing moves and captures.

The defending king is on h2. Geometrically undefended: bishop on h4 and queen on f3. Check for tactical protection.
