Discovered attacks

White to move

Previous move: 20...Qxf6. Gold borders mark its start and finish.

WORKED CONTINUATION - COVER THIS SECTION FIRST

21. Nh6+ gxh6 22. Rxf6

21.Nh6+ Check restricts Black to 2 legal replies here. The changed line means the rook on f1 attacks the queen on f6. Recorded reply: **21...gxh6**.

22.Rxf6 The rook captures the queen on f6.

At the end, nominal material is White 25 / Black 23 (P=1, N/B=3, R=5, Q=9). Over this line, White's balance changes by +6. Activity and king safety still affect the evaluation.

CHECKPOINT

Using P=1, N/B=3, R=5, Q=9, how much does White's material balance change over the complete line? **Answer:** +6: the balance goes from -4 to +2. Count promotions and every recapture, not just the first gain.

CARRY THE IDEA INTO YOUR GAMES

Choose the blocker's destination carefully. An uncovered attack may fail if the opponent has a stronger check or can capture the slider.

WHAT THIS POSITION TEACHES

Moving a blocker can uncover a rook, bishop, or queen attack. The moving piece may create a second threat, giving the defender too many problems at once.

HOW TO LOOK

Find a friendly piece between a slider and an enemy target, then inspect its forcing moves and captures.

The defending king is on g8. Geometrically undefended: bishop on b7. Check for tactical protection.
