

Discovered attacks: Black, move 30

Discovered attacks

Black to move

Previous move: 30.Rhf1. Gold borders mark its start and finish.

WORKED CONTINUATION - COVER THIS SECTION FIRST

30...Qe3+ 31. Kb1 Rxf1 32. Qg8+ Re8

30...Qe3+ Check restricts White to 2 legal replies here. The changed line means the rook on f8 attacks the rook on f1. Recorded reply: **31.Kb1**.

31...Rxf1 The rook captures the rook on f1. Recorded reply: **32.Qg8+**.

32...Re8 The rook moves from e4 to e8.

At the end, nominal material is White 19 / Black 23 (P=1, N/B=3, R=5, Q=9). Over this line, Black's balance changes by +5. Activity and king safety still affect the evaluation.

CHECKPOINT

Using P=1, N/B=3, R=5, Q=9, how much does Black's material balance change over the complete line? **Answer:** +5: the balance goes from -1 to +4. Count promotions and every recapture, not just the first gain.

CARRY THE IDEA INTO YOUR GAMES

Choose the blocker's destination carefully. An uncovered attack may fail if the opponent has a stronger check or can capture the slider.

WHAT THIS POSITION TEACHES

Moving a blocker can uncover a rook, bishop, or queen attack. The moving piece may create a second threat, giving the defender too many problems at once.

HOW TO LOOK

Find a friendly piece between a slider and an enemy target, then inspect its forcing moves and captures.

The defending king is on c1. Geometrically undefended: queen on g6. Check for tactical protection.
