Discovered attacks

White to move

Previous move: 35...Nxh5. Gold borders mark its start and finish.

WORKED CONTINUATION - COVER THIS SECTION FIRST

36. Rh6+ gxh6 37. Qxg8#

36.Rh6+ Check restricts Black to 2 legal replies here. From h6 it attacks king on h7 and knight on h5. Recorded reply: **36...gxh6**.

37.Qxg8# Mate: queen on g8 gives check; Black has no legal reply.

The line ends in checkmate against the king on h7. Material gain is unnecessary once no legal defense exists.

CHECKPOINT

Which piece delivers the final check, and why can the defender not continue? **Answer:** Queen on g8. The king is in check and the position has zero legal replies.

CARRY THE IDEA INTO YOUR GAMES

Choose the blocker's destination carefully. An uncovered attack may fail if the opponent has a stronger check or can capture the slider.

WHAT THIS POSITION TEACHES

Moving a blocker can uncover a rook, bishop, or queen attack. The moving piece may create a second threat, giving the defender too many problems at once.

HOW TO LOOK

Find a friendly piece between a slider and an enemy target, then inspect its forcing moves and captures.

The defending king is on h7. Geometrically undefended: knight on h5 and queen on d5. Check for tactical protection.
