

Discovered checks: White, move 23

Discovered checks

White to move

Previous move: 22...Ne4. Gold borders mark its start and finish.

WORKED CONTINUATION - COVER THIS SECTION FIRST

23. Rxg7+ Kh8 24. Rxf7+ Nxc3 25. Rxe7

23.Rxg7+ Check restricts Black to 1 legal reply here. The move also takes the pawn on g7. Recorded reply: **23...Kh8**.

24.Rxf7+ Check restricts Black to 4 legal replies here. The changed line means the bishop on c3 attacks the king on h8. Recorded reply: **24...Nxc3**.

25.Rxe7 The rook captures the rook on e7.

At the end, nominal material is White 16 / Black 13 (P=1, N/B=3, R=5, Q=9). Over this line, White's balance changes by +4. Activity and king safety still affect the evaluation.

CHECKPOINT

Using P=1, N/B=3, R=5, Q=9, how much does White's material balance change over the complete line? **Answer: +4:** the balance goes from -1 to +3. Count promotions and every recapture, not just the first gain.

CARRY THE IDEA INTO YOUR GAMES

The checking line must actually be clear, and moving the blocker must not expose your own king to check.

WHAT THIS POSITION TEACHES

A discovered check opens a line toward the king by moving the blocking piece. Because check must be answered, the moving piece may gain a free tempo for another threat.

HOW TO LOOK

Trace the hidden checking line first. Then examine where the blocker can move to attack or capture something important.

The defending king is on h7. Geometrically undefended: rook on b8 and rook on e7. Check for tactical protection.
