

Discovered checks: Black, move 17

Discovered checks

Black to move

Previous move: 17.Qxd4. Gold borders mark its start and finish.

WORKED CONTINUATION - COVER THIS SECTION FIRST

17...Rxe2+ 18. Kd1 Re4+ 19. Kd2 Rxd4+

17...Rxe2+ Check restricts White to 1 legal reply here. The move also takes the knight on e2. Recorded reply: **18.Kd1**.

18...Re4+ Check restricts White to 4 legal replies here. The changed line means the bishop on g4 attacks the king on d1. Recorded reply: **19.Kd2**.

19...Rxd4+ Check restricts White to 5 legal replies here. The move also takes the queen on d4.

At the end, nominal material is White 18 / Black 21 (P=1, N/B=3, R=5, Q=9). Over this line, Black's balance changes by +12. Activity and king safety still affect the evaluation.

CHECKPOINT

Using P=1, N/B=3, R=5, Q=9, how much does Black's material balance change over the complete line? **Answer: +12:** the balance goes from -9 to +3. Count promotions and every recapture, not just the first gain.

CARRY THE IDEA INTO YOUR GAMES

The checking line must actually be clear, and moving the blocker must not expose your own king to check.

WHAT THIS POSITION TEACHES

A discovered check opens a line toward the king by moving the blocking piece. Because check must be answered, the moving piece may gain a free tempo for another threat.

HOW TO LOOK

Trace the hidden checking line first. Then examine where the blocker can move to attack or capture something important.

The defending king is on e1. Absolute pin: knight on e2.
