

Discovered checks: Black, move 13

Discovered checks

Black to move

Previous move: 13.Bxh8. Gold borders mark its start and finish.

WORKED CONTINUATION - COVER THIS SECTION FIRST

13...Rhg2+ 14. Kh1 Rg4#

13...Rhg2+ Check restricts White to 1 legal reply here. The move also takes the pawn on g2. Recorded reply: **14.Kh1**.

14...Rg4# Mate: bishop on f3 gives check; White has no legal reply.

The line ends in checkmate against the king on h1. Material gain is unnecessary once no legal defense exists.

CHECKPOINT

Which piece delivers the final check, and why can the defender not continue? **Answer:** Bishop on f3. The king is in check and the position has zero legal replies.

CARRY THE IDEA INTO YOUR GAMES

The checking line must actually be clear, and moving the blocker must not expose your own king to check.

WHAT THIS POSITION TEACHES

A discovered check opens a line toward the king by moving the blocking piece. Because check must be answered, the moving piece may gain a free tempo for another threat.

HOW TO LOOK

Trace the hidden checking line first. Then examine where the blocker can move to attack or capture something important.

The defending king is on g1. Absolute pin: pawn on g2.
