

Discovered checks: Black, move 36

Discovered checks

Black to move

Previous move: 36.Kd4. Gold borders mark its start and finish.

WORKED CONTINUATION - COVER THIS SECTION FIRST

36...Re4+ 37. Kd3 Re5+

36...Re4+ Check restricts White to 1 legal reply here. Recorded reply: **37.Kd3**.

37...Re5+ Check restricts White to 3 legal replies here. The changed line means the bishop on f5 attacks the king on d3.

At the end, nominal material is White 10 / Black 10 (P=1, N/B=3, R=5, Q=9). Over this line, Black's balance changes by +0. Activity and king safety still affect the evaluation.

CHECKPOINT

Using P=1, N/B=3, R=5, Q=9, how much does Black's material balance change over the complete line? **Answer:** +0: the balance goes from +0 to +0. Count promotions and every recapture, not just the first gain.

CARRY THE IDEA INTO YOUR GAMES

The checking line must actually be clear, and moving the blocker must not expose your own king to check.

WHAT THIS POSITION TEACHES

A discovered check opens a line toward the king by moving the blocking piece. Because check must be answered, the moving piece may gain a free tempo for another threat.

HOW TO LOOK

Trace the hidden checking line first. Then examine where the blocker can move to attack or capture something important.

The defending king is on d4. Geometrically undefended: rook on a5. Check for tactical protection.
