

Double checks: White, move 12

Double checks

White to move

Previous move: 11...Nxe5. Gold borders mark its start and finish.

WORKED CONTINUATION - COVER THIS SECTION FIRST

12. Nxc7#

12.Nxc7# Mate: bishop on a4 and knight on c7 give check; Black has no legal reply.

The line ends in checkmate against the king on e8. Material gain is unnecessary once no legal defense exists.

CHECKPOINT

Which piece delivers the final check, and why can the defender not continue? **Answer:** Bishop on a4 and knight on c7. The king is in check and the position has zero legal replies.

CARRY THE IDEA INTO YOUR GAMES

Double check is forcing, but not necessarily winning. The king may escape to safety if the follow-up is missing.

WHAT THIS POSITION TEACHES

Double check attacks the king with two pieces at once. The defender must move the king, so an ordinary block or capture of just one checker cannot solve the problem.

HOW TO LOOK

Locate the slider that can be uncovered and a checking destination for its blocker. Then calculate the king's legal escapes.

The defending king is on e8. Geometrically undefended: rook on h8 and knight on e5. Check for tactical protection.
