

Double checks: Black, move 49

Double checks

Black to move

Previous move: 49.Qg1. Gold borders mark its start and finish.

WORKED CONTINUATION - COVER THIS SECTION FIRST

49...Nf4+ 50. Kg3 Ne2+ 51. Kg2 Nxg1

49...Nf4+ Check restricts White to 2 legal replies here. Recorded reply: **50.Kg3**.

50...Ne2+ Check restricts White to 3 legal replies here. From e2 it attacks king on g3 and queen on g1. Recorded reply: **51.Kg2**.

51...Nxg1 The knight captures the queen on g1.

At the end, nominal material is White 6 / Black 10 (P=1, N/B=3, R=5, Q=9). Over this line, Black's balance changes by +9. Activity and king safety still affect the evaluation.

CHECKPOINT

Using P=1, N/B=3, R=5, Q=9, how much does Black's material balance change over the complete line? **Answer:** +9: the balance goes from -5 to +4. Count promotions and every recapture, not just the first gain.

CARRY THE IDEA INTO YOUR GAMES

Double check is forcing, but not necessarily winning. The king may escape to safety if the follow-up is missing.

WHAT THIS POSITION TEACHES

Double check attacks the king with two pieces at once. The defender must move the king, so an ordinary block or capture of just one checker cannot solve the problem.

HOW TO LOOK

Locate the slider that can be uncovered and a checking destination for its blocker. Then calculate the king's legal escapes.

The defending king is on h3. Geometrically undefended: queen on g1. Check for tactical protection.
