

Double checks: White, move 28

Double checks

White to move

Previous move: 27...Nxd5. Gold borders mark its start and finish.

WORKED CONTINUATION - COVER THIS SECTION FIRST

28. Ne6+ Kg8 29. Qg7#

28.Ne6+ Check restricts Black to 2 legal replies here. From e6 it attacks king on g7 and queen on d8. Recorded reply: **28...Kg8**.

29.Qg7# Mate: queen on g7 gives check; Black has no legal reply.

The line ends in checkmate against the king on g8. Material gain is unnecessary once no legal defense exists.

CHECKPOINT

Which piece delivers the final check, and why can the defender not continue? **Answer:** Queen on g7. The king is in check and the position has zero legal replies.

CARRY THE IDEA INTO YOUR GAMES

Double check is forcing, but not necessarily winning. The king may escape to safety if the follow-up is missing.

WHAT THIS POSITION TEACHES

Double check attacks the king with two pieces at once. The defender must move the king, so an ordinary block or capture of just one checker cannot solve the problem.

HOW TO LOOK

Locate the slider that can be uncovered and a checking destination for its blocker. Then calculate the king's legal escapes.

The defending king is on g7. Geometrically undefended: knight on d5. Check for tactical protection.
