

Double checks: White, move 36

Double checks

White to move

Previous move: 35...Kh7. Gold borders mark its start and finish.

WORKED CONTINUATION - COVER THIS SECTION FIRST

36. Rg7+ Kxh6 37. Qh7#

36.Rg7+ Check restricts Black to 2 legal replies here. The changed line means the queen on d3 attacks the king on h7. Recorded reply: **36...Kxh6**.

37.Qh7# Mate: queen on h7 gives check; Black has no legal reply.

The line ends in checkmate against the king on h6. Material gain is unnecessary once no legal defense exists.

CHECKPOINT

Which piece delivers the final check, and why can the defender not continue? **Answer:** Queen on h7. The king is in check and the position has zero legal replies.

CARRY THE IDEA INTO YOUR GAMES

Double check is forcing, but not necessarily winning. The king may escape to safety if the follow-up is missing.

WHAT THIS POSITION TEACHES

Double check attacks the king with two pieces at once. The defender must move the king, so an ordinary block or capture of just one checker cannot solve the problem.

HOW TO LOOK

Locate the slider that can be uncovered and a checking destination for its blocker. Then calculate the king's legal escapes.

The defending king is on h7. Geometrically undefended: rook on b8 and queen on f6. Check for tactical protection.
