

Double checks: White, move 13

Double checks

White to move

Previous move: 12...hxg5. Gold borders mark its start and finish.

WORKED CONTINUATION - COVER THIS SECTION FIRST

13. Bxg5 Qe8 14. fxg7+ Kxg7 15. Bf6+

13.Bxg5 The bishop captures the pawn on g5. Recorded reply: **13...Qe8**.

14.fxg7+ Check restricts Black to 2 legal replies here. From g7 it attacks king on f8 and rook on h8. Recorded reply: **14...Kxg7**.

15.Bf6+ Check restricts Black to 6 legal replies here.

At the end, nominal material is White 31 / Black 32 (P=1, N/B=3, R=5, Q=9). Over this line, White's balance changes by +1. Activity and king safety still affect the evaluation.

CHECKPOINT

Using P=1, N/B=3, R=5, Q=9, how much does White's material balance change over the complete line? **Answer:** +1: the balance goes from -2 to -1. Count promotions and every recapture, not just the first gain.

CARRY THE IDEA INTO YOUR GAMES

Double check is forcing, but not necessarily winning. The king may escape to safety if the follow-up is missing.

WHAT THIS POSITION TEACHES

Double check attacks the king with two pieces at once. The defender must move the king, so an ordinary block or capture of just one checker cannot solve the problem.

HOW TO LOOK

Locate the slider that can be uncovered and a checking destination for its blocker. Then calculate the king's legal escapes.

The defending king is on f8. Geometrically undefended: rook on h8 and rook on a8. Check for tactical protection.
