

Double checks: White, move 37

Double checks

White to move

Previous move: 36...Nxd5. Gold borders mark its start and finish.

WORKED CONTINUATION - COVER THIS SECTION FIRST

37. Qg7+ Kxg7 38. Nf5+ Kg8 39. Nh6#

37.Qg7+ Check restricts Black to 1 legal reply here. From g7 it attacks king on g8 and rook on f8. Recorded reply: **37...Kxg7**.

38.Nf5+ Check restricts Black to 1 legal reply here. The changed line means the bishop on b2 attacks the king on g7. Recorded reply: **38...Kg8**.

39.Nh6# Mate: knight on h6 gives check; Black has no legal reply.

The line ends in checkmate against the king on g8. Material gain is unnecessary once no legal defense exists.

CHECKPOINT

Which piece delivers the final check, and why can the defender not continue? **Answer:** Knight on h6. The king is in check and the position has zero legal replies.

CARRY THE IDEA INTO YOUR GAMES

Double check is forcing, but not necessarily winning. The king may escape to safety if the follow-up is missing.

WHAT THIS POSITION TEACHES

Double check attacks the king with two pieces at once. The defender must move the king, so an ordinary block or capture of just one checker cannot solve the problem.

HOW TO LOOK

Locate the slider that can be uncovered and a checking destination for its blocker. Then calculate the king's legal escapes.

The defending king is on g8. Absolute pin: pawn on g6.
