

Clearance tactics: Black, move 30

Clearance tactics

Black to move

Previous move: 30.Raf1. Gold borders mark its start and finish.

WORKED CONTINUATION - COVER THIS SECTION FIRST

30...Qxg3+ 31. hxg3 Rh1#

30...Qxg3+ Check restricts White to 2 legal replies here. From g3 it attacks king on g1, rook on f2 and bishop on c3. Recorded reply: **31.hxg3**.

31...Rh1# Mate: rook on h1 gives check; White has no legal reply.

The line ends in checkmate against the king on g1. Material gain is unnecessary once no legal defense exists.

CHECKPOINT

Which piece delivers the final check, and why can the defender not continue? **Answer:** Rook on h1. The king is in check and the position has zero legal replies.

CARRY THE IDEA INTO YOUR GAMES

Opening a line helps only if your next move is timely. The defender may close the line or create a stronger threat.

WHAT THIS POSITION TEACHES

A clearance move vacates a square or opens a line for another piece. The clearing piece may sacrifice itself to gain the time needed for the follow-up.

HOW TO LOOK

Identify the rook, bishop, queen, or knight that needs access, then locate the friendly piece blocking its route or destination.

The defending king is on g1. Geometrically undefended: queen on c5. Check for tactical protection.
