

Interference tactics: White, move 31

Interference tactics

White to move

Previous move: 30...Kh7. Gold borders mark its start and finish.

WORKED CONTINUATION - COVER THIS SECTION FIRST

31. Be4+ Kh8 32. Rxe6

31.Be4+ Check restricts Black to 6 legal replies here. Recorded reply: **31...Kh8**.

32.Rxe6 The rook captures the bishop on e6.

At the end, nominal material is White 21 / Black 19 (P=1, N/B=3, R=5, Q=9). Over this line, White's balance changes by +3. Activity and king safety still affect the evaluation.

CHECKPOINT

Using P=1, N/B=3, R=5, Q=9, how much does White's material balance change over the complete line? **Answer:** +3: the balance goes from -1 to +2. Count promotions and every recapture, not just the first gain.

CARRY THE IDEA INTO YOUR GAMES

Capturing the interposing piece may restore defense. Calculate which captures are legal and whether they permit another tactic.

WHAT THIS POSITION TEACHES

Interference interrupts a defensive line between enemy pieces. Occupying one square can make a previously protected target vulnerable or prevent an important recapture.

HOW TO LOOK

Trace the defender's line to its target and inspect forcing moves onto the intervening squares.

The defending king is on h7. Geometrically undefended: rook on f8 and queen on e3. Check for tactical protection.
