

Intermediate moves: White, move 34

Intermediate moves

White to move

Previous move: 33...Bxf2. Gold borders mark its start and finish.

WORKED CONTINUATION - COVER THIS SECTION FIRST

34. Rxh3 gxh3+ 35. Kxf2

34.Rxh3 The rook captures the rook on h3. Recorded reply: **34...gxh3+**.

35.Kxf2 The king captures the bishop on f2.

At the end, nominal material is White 13 / Black 11 (P=1, N/B=3, R=5, Q=9). Over this line, White's balance changes by +3. Activity and king safety still affect the evaluation.

CHECKPOINT

Using P=1, N/B=3, R=5, Q=9, how much does White's material balance change over the complete line? **Answer:** +3: the balance goes from -1 to +2. Count promotions and every recapture, not just the first gain.

CARRY THE IDEA INTO YOUR GAMES

The postponed recapture may disappear. The intermediate move must win enough or preserve the right to recover material.

WHAT THIS POSITION TEACHES

An intermediate move interrupts an expected sequence with a stronger immediate threat. Instead of recapturing automatically, use a check or another forcing move to change the result.

HOW TO LOOK

Before every routine recapture, scan checks, queen attacks, and mating threats. Return to the original capture only if it still helps.

The defending king is on c8. Geometrically undefended: bishop on f2. Check for tactical protection.
