

Intermediate moves: Black, move 34

Intermediate moves

Black to move

Previous move: 34.Rxd1. Gold borders mark its start and finish.

WORKED CONTINUATION - COVER THIS SECTION FIRST

34...Qxh3+ 35. Kg1 Rxd1#

34...Qxh3+ Check restricts White to 1 legal reply here. The move also takes the pawn on h3. Recorded reply: **35.Kg1**.

35...Rxd1# Mate: rook on d1 gives check; White has no legal reply.

The line ends in checkmate against the king on g1. Material gain is unnecessary once no legal defense exists.

CHECKPOINT

Which piece delivers the final check, and why can the defender not continue? **Answer:** Rook on d1. The king is in check and the position has zero legal replies.

CARRY THE IDEA INTO YOUR GAMES

The postponed recapture may disappear. The intermediate move must win enough or preserve the right to recover material.

WHAT THIS POSITION TEACHES

An intermediate move interrupts an expected sequence with a stronger immediate threat. Instead of recapturing automatically, use a check or another forcing move to change the result.

HOW TO LOOK

Before every routine recapture, scan checks, queen attacks, and mating threats. Return to the original capture only if it still helps.

The defending king is on h1. Geometrically undefended: queen on b7 and rook on d1. Check for tactical protection.
