

Intermediate moves: Black, move 30

Intermediate moves

Black to move

Previous move: 30.Nxf4. Gold borders mark its start and finish.

WORKED CONTINUATION - COVER THIS SECTION FIRST

30...Qe4+ 31. Kg1 Rxf4

30...Qe4+ Check restricts White to 3 legal replies here. From e4 it attacks king on h1, knight on f4 and knight on c2. Recorded reply: **31.Kg1**.

31...Rxf4 The rook captures the knight on f4.

At the end, nominal material is White 27 / Black 24 (P=1, N/B=3, R=5, Q=9). Over this line, Black's balance changes by +3. Activity and king safety still affect the evaluation.

CHECKPOINT

Using P=1, N/B=3, R=5, Q=9, how much does Black's material balance change over the complete line? **Answer: +3:** the balance goes from -6 to -3. Count promotions and every recapture, not just the first gain.

CARRY THE IDEA INTO YOUR GAMES

The postponed recapture may disappear. The intermediate move must win enough or preserve the right to recover material.

WHAT THIS POSITION TEACHES

An intermediate move interrupts an expected sequence with a stronger immediate threat. Instead of recapturing automatically, use a check or another forcing move to change the result.

HOW TO LOOK

Before every routine recapture, scan checks, queen attacks, and mating threats. Return to the original capture only if it still helps.

The defending king is on h1. Geometrically undefended: queen on c5 and knight on c2. Check for tactical protection.
