

Intermediate moves: White, move 35

Intermediate moves

White to move

Previous move: 34...Bxb4. Gold borders mark its start and finish.

WORKED CONTINUATION - COVER THIS SECTION FIRST

35. Rxa2 Qxa2 36. Qxb4

35.Rxa2 The rook captures the rook on a2. Recorded reply: **35...Qxa2**.

36.Qxb4 The queen captures the bishop on b4.

At the end, nominal material is White 17 / Black 14 (P=1, N/B=3, R=5, Q=9). Over this line, White's balance changes by +3. Activity and king safety still affect the evaluation.

CHECKPOINT

Using P=1, N/B=3, R=5, Q=9, how much does White's material balance change over the complete line? **Answer:** +3: the balance goes from +0 to +3. Count promotions and every recapture, not just the first gain.

CARRY THE IDEA INTO YOUR GAMES

The postponed recapture may disappear. The intermediate move must win enough or preserve the right to recover material.

WHAT THIS POSITION TEACHES

An intermediate move interrupts an expected sequence with a stronger immediate threat. Instead of recapturing automatically, use a check or another forcing move to change the result.

HOW TO LOOK

Before every routine recapture, scan checks, queen attacks, and mating threats. Return to the original capture only if it still helps.

The defending king is on e6. Geometrically undefended: bishop on b4. Check for tactical protection.
