

Intermediate moves: Black, move 25

Intermediate moves

Black to move

Previous move: 25.Nxh7. Gold borders mark its start and finish.

WORKED CONTINUATION - COVER THIS SECTION FIRST

25...Bb5 26. Qe4 Kxh7

25...Bb5 The bishop moves from a6 to b5. Recorded reply: **26.Qe4**.

26...Kxh7 The king captures the knight on h7.

At the end, nominal material is White 20 / Black 23 (P=1, N/B=3, R=5, Q=9). Over this line, Black's balance changes by +3. Activity and king safety still affect the evaluation.

CHECKPOINT

Using P=1, N/B=3, R=5, Q=9, how much does Black's material balance change over the complete line? **Answer: +3:** the balance goes from +0 to +3. Count promotions and every recapture, not just the first gain.

CARRY THE IDEA INTO YOUR GAMES

The postponed recapture may disappear. The intermediate move must win enough or preserve the right to recover material.

WHAT THIS POSITION TEACHES

An intermediate move interrupts an expected sequence with a stronger immediate threat. Instead of recapturing automatically, use a check or another forcing move to change the result.

HOW TO LOOK

Before every routine recapture, scan checks, queen attacks, and mating threats. Return to the original capture only if it still helps.

The defending king is on g2. Geometrically undefended: knight on h7 and queen on a4. Check for tactical protection.
