

Exposed-king tactics: White, move 34

Exposed-king tactics

White to move

Previous move: 33...Bh8. Gold borders mark its start and finish.

WORKED CONTINUATION - COVER THIS SECTION FIRST

34. Be5 Qxe5 35. Qxg5+ Bg7 36. Qxd8+

34.Be5 The bishop moves from h2 to e5. Recorded reply: **34...Qxe5**.

35.Qxg5+ Check restricts Black to 5 legal replies here. From g5 it attacks king on g8 and rook on d8. Recorded reply: **35...Bg7**.

36.Qxd8+ Check restricts Black to 4 legal replies here. The move also takes the rook on d8.

At the end, nominal material is White 26 / Black 23 (P=1, N/B=3, R=5, Q=9). Over this line, White's balance changes by +3. Activity and king safety still affect the evaluation.

CHECKPOINT

Using P=1, N/B=3, R=5, Q=9, how much does White's material balance change over the complete line? **Answer:** +3: the balance goes from +0 to +3. Count promotions and every recapture, not just the first gain.

CARRY THE IDEA INTO YOUR GAMES

A king without pawns is not automatically mated. Count active attackers and examine escapes toward friendly pieces.

WHAT THIS POSITION TEACHES

An exposed king gives the attacker checks and access to nearby squares. Coordinate pieces so the checks drive it into a worse net rather than toward safety.

HOW TO LOOK

Inspect open files, diagonals, and unprotected squares around the king. Calculate checks in an order that preserves the attack.

The defending king is on g8. Look for a defender that can be displaced or overloaded.
