

Exposed-king tactics: Black, move 24

Exposed-king tactics

Black to move

Previous move: 24.Qxf4. Gold borders mark its start and finish.

WORKED CONTINUATION - COVER THIS SECTION FIRST

24...Qxf4+ 25. Bxf4 Bc5+ 26. Kf3 Rxcg8

24...Qxf4+ Check restricts White to 5 legal replies here. From f4 it attacks king on f2 and bishop on d2. Recorded reply: **25.Bxf4**.

25...Bc5+ Check restricts White to 6 legal replies here. The changed line means the rook on d8 attacks the rook on g8. Recorded reply: **26.Kf3**.

26...Rxcg8 The rook captures the rook on g8.

At the end, nominal material is White 12 / Black 14 (P=1, N/B=3, R=5, Q=9). Over this line, Black's balance changes by +5. Activity and king safety still affect the evaluation.

CHECKPOINT

Using P=1, N/B=3, R=5, Q=9, how much does Black's material balance change over the complete line? **Answer: +5:** the balance goes from -3 to +2. Count promotions and every recapture, not just the first gain.

CARRY THE IDEA INTO YOUR GAMES

A king without pawns is not automatically mated. Count active attackers and examine escapes toward friendly pieces.

WHAT THIS POSITION TEACHES

An exposed king gives the attacker checks and access to nearby squares. Coordinate pieces so the checks drive it into a worse net rather than toward safety.

HOW TO LOOK

Inspect open files, diagonals, and unprotected squares around the king. Calculate checks in an order that preserves the attack.

The defending king is on f2. Absolute pin: queen on f4.
