CHECKPOINT

Using P=1, N/B=3, R=5, Q=9, how much does Black's material balance change over the complete line? **Answer:** -3: the balance goes from -2 to -5. Count promotions and every recapture, not just the first gain.

CARRY THE IDEA INTO YOUR GAMES

An attractive attacking picture is not compensation by itself. Continue until the resulting position can be evaluated honestly.

WHAT THIS POSITION TEACHES

A sacrifice exchanges material for a concrete benefit. The benefit may be mate, a stronger attack, a recovered investment, or lasting activity; it must be shown through moves.

HOW TO LOOK

State what the sacrifice changes: a defender, a line, a king square, or a critical tempo. Calculate acceptance and plausible refusal.

The defending king is on g5. Look for a defender that can be displaced or overloaded.
