

Quiet tactical moves: White, move 52

Quiet tactical moves

White to move

Previous move: 51...h6. Gold borders mark its start and finish.

WORKED CONTINUATION - COVER THIS SECTION FIRST

52. gxh6 gxh6 53. f5 Kg5 54. Ke5 h5 55. f6

52.gxh6 The pawn captures the pawn on h6. Recorded reply: **52...gxh6**.

53.f5 The pawn moves from f4 to f5. Recorded reply: **53...Kg5**.

54.Ke5 The king moves from e4 to e5. Recorded reply: **54...h5**.

55.f6 The pawn moves from f5 to f6.

At the end, nominal material is White 1 / Black 1 (P=1, N/B=3, R=5, Q=9). Over this line, White's balance changes by +0. Activity and king safety still affect the evaluation.

CHECKPOINT

Using P=1, N/B=3, R=5, Q=9, how much does White's material balance change over the complete line? **Answer:** +0: the balance goes from +0 to +0. Count promotions and every recapture, not just the first gain.

CARRY THE IDEA INTO YOUR GAMES

Because the move is not forcing by check, the opponent has time for counterplay. Test every serious check and direct threat.

WHAT THIS POSITION TEACHES

A quiet move can win by threatening something the defender cannot meet, even though it gives no check and makes no capture. It often supplies the missing support in a near-working combination.

HOW TO LOOK

Use failed forcing lines to identify an escape square or defender. Search for a move that removes that resource while keeping the threat.

The defending king is on g4. Look for a defender that can be displaced or overloaded.
