

Quiet tactical moves: Black, move 36

Quiet tactical moves

Black to move

Previous move: 36.Nd4. Gold borders mark its start and finish.

WORKED CONTINUATION - COVER THIS SECTION FIRST

36...Nxd4 37. Rxd4 Rc8 38. Re4 c2

36...Nxd4 The knight captures the knight on d4. Recorded reply: **37.Rxd4**.

37...Rc8 The rook moves from b8 to c8. Recorded reply: **38.Re4**.

38...c2 The pawn moves from c3 to c2.

At the end, nominal material is White 11 / Black 10 (P=1, N/B=3, R=5, Q=9). Over this line, Black's balance changes by +0. Activity and king safety still affect the evaluation.

CHECKPOINT

Using P=1, N/B=3, R=5, Q=9, how much does Black's material balance change over the complete line? **Answer:** +0: the balance goes from -1 to -1. Count promotions and every recapture, not just the first gain.

CARRY THE IDEA INTO YOUR GAMES

Because the move is not forcing by check, the opponent has time for counterplay. Test every serious check and direct threat.

WHAT THIS POSITION TEACHES

A quiet move can win by threatening something the defender cannot meet, even though it gives no check and makes no capture. It often supplies the missing support in a near-working combination.

HOW TO LOOK

Use failed forcing lines to identify an escape square or defender. Search for a move that removes that resource while keeping the threat.

The defending king is on g3. Look for a defender that can be displaced or overloaded.
