

Quiet tactical moves: White, move 14

Quiet tactical moves

White to move

Previous move: 13...hxg5. Gold borders mark its start and finish.

WORKED CONTINUATION - COVER THIS SECTION FIRST

14. Bd3 f5 15. hxg5

14.Bd3 The bishop moves from c4 to d3. Recorded reply: **14...f5**.

15.hxg5 The pawn captures the pawn on g5.

At the end, nominal material is White 31 / Black 31 (P=1, N/B=3, R=5, Q=9). Over this line, White's balance changes by +1. Activity and king safety still affect the evaluation.

CHECKPOINT

Using P=1, N/B=3, R=5, Q=9, how much does White's material balance change over the complete line? **Answer:** +1: the balance goes from -1 to +0. Count promotions and every recapture, not just the first gain.

CARRY THE IDEA INTO YOUR GAMES

Because the move is not forcing by check, the opponent has time for counterplay. Test every serious check and direct threat.

WHAT THIS POSITION TEACHES

A quiet move can win by threatening something the defender cannot meet, even though it gives no check and makes no capture. It often supplies the missing support in a near-working combination.

HOW TO LOOK

Use failed forcing lines to identify an escape square or defender. Search for a move that removes that resource while keeping the threat.

The defending king is on g8. Geometrically undefended: rook on a8. Check for tactical protection.
