

# Quiet tactical moves: White, move 22

Quiet tactical moves

White to move

Previous move: 21...Qg4. Gold borders mark its start and finish.

**WORKED CONTINUATION - COVER THIS SECTION FIRST**

## 22. Rdh1 h5 23. e4

**22.Rdh1** The rook moves from d1 to h1. Recorded reply: **22...h5**.

**23.e4** The pawn moves from e3 to e4.

At the end, nominal material is White 28 / Black 29 (P=1, N/B=3, R=5, Q=9). Over this line, White's balance changes by +0. Activity and king safety still affect the evaluation.

### CHECKPOINT

Using P=1, N/B=3, R=5, Q=9, how much does White's material balance change over the complete line? **Answer:** +0: the balance goes from -1 to -1. Count promotions and every recapture, not just the first gain.

### CARRY THE IDEA INTO YOUR GAMES

Because the move is not forcing by check, the opponent has time for counterplay. Test every serious check and direct threat.

### WHAT THIS POSITION TEACHES

A quiet move can win by threatening something the defender cannot meet, even though it gives no check and makes no capture. It often supplies the missing support in a near-working combination.

### HOW TO LOOK

Use failed forcing lines to identify an escape square or defender. Search for a move that removes that resource while keeping the threat.

The defending king is on g8. Geometrically undefended: queen on g4. Check for tactical protection.
