

Quiet tactical moves: Black, move 52

Quiet tactical moves

Black to move

Previous move: 52.f6. Gold borders mark its start and finish.

WORKED CONTINUATION - COVER THIS SECTION FIRST

52...Rxf5 53. Kg4 Rh8 54. Kf5 Kc6

52...Rxf5 The rook captures the rook on h5. Recorded reply: **53.Kg4**.

53...Rh8 The rook moves from h5 to h8. Recorded reply: **54.Kf5**.

54...Kc6 The king moves from b5 to c6.

At the end, nominal material is White 1 / Black 5 (P=1, N/B=3, R=5, Q=9). Over this line, Black's balance changes by +5. Activity and king safety still affect the evaluation.

CHECKPOINT

Using P=1, N/B=3, R=5, Q=9, how much does Black's material balance change over the complete line? **Answer: +5:** the balance goes from -1 to +4. Count promotions and every recapture, not just the first gain.

CARRY THE IDEA INTO YOUR GAMES

Because the move is not forcing by check, the opponent has time for counterplay. Test every serious check and direct threat.

WHAT THIS POSITION TEACHES

A quiet move can win by threatening something the defender cannot meet, even though it gives no check and makes no capture. It often supplies the missing support in a near-working combination.

HOW TO LOOK

Use failed forcing lines to identify an escape square or defender. Search for a move that removes that resource while keeping the threat.

The defending king is on g3. Geometrically undefended: rook on h5. Check for tactical protection.
