

Advanced-pawn tactics: Black, move 34

Advanced-pawn tactics

Black to move

Previous move: 34.Rfe1. Gold borders mark its start and finish.

WORKED CONTINUATION - COVER THIS SECTION FIRST

34...hxg2+ 35. Kg1 Be3#

34...hxg2+ Check restricts White to 1 legal reply here. The move also takes the pawn on g2. Recorded reply: **35.Kg1**.

35...Be3# Mate: bishop on e3 gives check; White has no legal reply.

The line ends in checkmate against the king on g1. Material gain is unnecessary once no legal defense exists.

CHECKPOINT

Which piece delivers the final check, and why can the defender not continue? **Answer:** Bishop on e3. The king is in check and the position has zero legal replies.

CARRY THE IDEA INTO YOUR GAMES

A far-advanced pawn may be weak if unsupported. Check whether the opponent can capture it with tempo or blockade it permanently.

WHAT THIS POSITION TEACHES

A pawn near promotion forces the defender to respect urgent threats. Its strength can create forks, deflections, or mating ideas even when it never actually promotes.

HOW TO LOOK

Count the remaining pushes and identify the blocker. Look for forcing moves that remove or distract that blocker.

The defending king is on h1. Geometrically undefended: knight on d2 and bishop on c2. Check for tactical protection.
