

Queen-and-rook endings: Black, move 34

Queen-and-rook endings

Black to move

Previous move: 34.Rxe8. Gold borders mark its start and finish.

WORKED CONTINUATION - COVER THIS SECTION FIRST

34...Rc1+ 35. Re1 Rxe1#

34...Rc1+ Check restricts White to 1 legal reply here. Recorded reply: **35.Re1**.

35...Rxe1# Mate: rook on e1 gives check; White has no legal reply.

The line ends in checkmate against the king on g1. Material gain is unnecessary once no legal defense exists.

CHECKPOINT

Which piece delivers the final check, and why can the defender not continue? **Answer:** Rook on e1. The king is in check and the position has zero legal replies.

CARRY THE IDEA INTO YOUR GAMES

Do not activate the king as casually as in a pure pawn ending. The remaining heavy pieces can still generate a mating net.

WHAT THIS POSITION TEACHES

When queens and rooks remain, mating threats coexist with endgame pawn races. Coordination and king shelter remain essential even on a sparse board.

HOW TO LOOK

Look for heavy-piece batteries, skewers, and checks that force a defender away from a promotion square or pawn.

The defending king is on g1. Geometrically undefended: rook on e8 and queen on b7. Check for tactical protection.
