

# Queen-and-rook endings: White, move 58

Queen-and-rook endings

White to move

Previous move: 57...a1=Q. Gold borders mark its start and finish.

**WORKED CONTINUATION - COVER THIS SECTION FIRST**

**58. g4+ Rxcg4 59. hxg4+ Kh4 60. Rh6#**

**58.g4+** Check restricts Black to 2 legal replies here. Recorded reply: **58...Rxcg4**.

**59.hxcg4+** Check restricts Black to 1 legal reply here. The move also takes the rook on g4. Recorded reply: **59...Kh4**.

**60.Rh6#** Mate: rook on h6 gives check; Black has no legal reply.

The line ends in checkmate against the king on h4. Material gain is unnecessary once no legal defense exists.

**CHECKPOINT**

Which piece delivers the final check, and why can the defender not continue? **Answer:** Rook on h6. The king is in check and the position has zero legal replies.

**CARRY THE IDEA INTO YOUR GAMES**

Do not activate the king as casually as in a pure pawn ending. The remaining heavy pieces can still generate a mating net.

**WHAT THIS POSITION TEACHES**

When queens and rooks remain, mating threats coexist with endgame pawn races. Coordination and king shelter remain essential even on a sparse board.

**HOW TO LOOK**

Look for heavy-piece batteries, skewers, and checks that force a defender away from a promotion square or pawn.

The defending king is on h5. Look for a defender that can be displaced or overloaded.
