

Queen-and-rook endings: White, move 57

Queen-and-rook endings

White to move

Previous move: 56...Kd6. Gold borders mark its start and finish.

WORKED CONTINUATION - COVER THIS SECTION FIRST

57. Qc5#

57.Qc5# Mate: queen on c5 gives check; Black has no legal reply.

The line ends in checkmate against the king on d6. Material gain is unnecessary once no legal defense exists.

CHECKPOINT

Which piece delivers the final check, and why can the defender not continue? **Answer:** Queen on c5. The king is in check and the position has zero legal replies.

CARRY THE IDEA INTO YOUR GAMES

Do not activate the king as casually as in a pure pawn ending. The remaining heavy pieces can still generate a mating net.

WHAT THIS POSITION TEACHES

When queens and rooks remain, mating threats coexist with endgame pawn races. Coordination and king shelter remain essential even on a sparse board.

HOW TO LOOK

Look for heavy-piece batteries, skewers, and checks that force a defender away from a promotion square or pawn.

The defending king is on d6. Geometrically undefended: rook on a3. Check for tactical protection.
